

FIRE & ARSON INVESTIGATION TRAINING NEWSLETTER – JANUARY/FEBRUARY 2011

Dear Colleague

As another challenging financial year approaches we wish to re-assure our clients that GA will continue to listen to their needs and respond to their requirements by offering a full range of 'Best Value' training options. We will be continuing to deliver our established practical and professional development/refresher (PDR) courses at our training facility at Phoenix Heights, Wethersfield and a range of theory options from the Days Inn Hotel, Haverhill (DIH) and other local/regional venues.

Client demand has prompted us to organise an extra Practical course and two PDR courses in March 2011 with others scheduled in the months on either side of the summer annual leave period.

The 2011 UK Fire & Explosion course hosted by John DeHaan will commence 25th September.

GA fees remain very competitive and our programmes can be cross referenced to the current UK National Occupational Standards (NOS) which members of our team continue to help design.

GA is an Institution of Fire Engineers (IFE) approved training provider and our programmes are CPD validated.

Courses involve direct interface with members of our very experienced multi-discipline team and student/instructor ratios are exceptionally conducive to learning.

PLEASE NOTE CHANGE of GA CONTACT DETAILS on PAGE TWO

CORE TRAINING COURSES:

INTRODUCTION - (A) and (B)

Designed for Crew and Watch Managers and Crime Scene Examiners.

(A) One and two day theory at local/regional venues

(B) One day theory + practical exercises at Phoenix Heights

FOUNDATION - (Theory - Parts One and Two)

For practitioners who are likely to carry out Level Two/Three investigations. Either four and a half consecutive days residential or locally/regionally in two by two-day parts

PRACTICAL - Phoenix Heights and DIH

One week residential for practitioners who carry out Level Two/Three investigations.

PROFESSIONAL DEVELOPMENT PROGRAMMES:

PRACTICAL DEVELOPMENT /REFRESHER (PDR) - Phoenix Heights and DIH

Two or three day residential or one-day visitor programmes, for practitioners who ideally have already attended a Practical course.

COURTROOM SKILLS: One-day local workshops designed specifically for fire/crime scene examiners and other interest groups. Delivered in association with the Inns of Court School of Law and City University London.

INVESTIGATIVE INTERVIEW TECHNIQUES:

Two-day local workshops based on the P.E.A.C.E programme and adapted specifically for fire/arson scene examiners and other interest groups. Delivered by former police officer trainers and scene investigators

OTHER UK TRAINING PROGRAMMES and EVENTS:

J DeHaan's Fire & Explosion course - w/c 25th September 2011

Explosion Awareness seminars (one day regional) - September 2011

Arson & Fatal Fire Awareness seminars (one day regional) TBA

K9 training - presented by Clive Gregory

Photography and Fire – presented by Paul Canning
